PROFESSIONAL SUMMARY:

Multi-Disciplinary Creative and Developer with 5+ years of experience across graphic design, full-stack web development, and Shopify e-commerce. I design and build digital products end-to-end, from brand identity and storefronts to production web applications, with hands-on expertise across CorelDRAW, Adobe Photoshop, Figma, React, Next.js, Node.js and Firebase. Currently a developer on TraxQ, a live SaaS Transportation Management System, while continuing freelance design and Shopify work for clients across the world. I bring strong visual judgement, technical depth, and a track record of shipping polished work that meets both creative and engineering standards.
